REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT
PURSUANT TO 37 C.F.R. § 1.705(d)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

October 20, 2006

Sir:

The Commissioner is requested to reconsider the patent term adjustment for U.S. Patent No. 7,112,297 ("the '297 patent"). The facts supporting this Request follow:

1. The Patent Office initially determined the '297 patent was entitled to 305 days of patent term adjustment. See the Determination of Patent Term Adjustment Under 35 U.S.C. 154(b) attached to the Notice of Allowance.

2. The Patent Office subsequently revised the patent term adjustment downward to 65 days. However, the correct patent term

adjustment is 165 days. The grounds for patent term adjustment under § 1.702 are:

1.702(a)(1): 305 days

1.702(a)(4): 14 days

3. The relevant dates, as specified in §§ 1.703(a) through (e), for which an adjustment is sought are:

1.702(a)(1): October 31, 2003 is the filing date of the application, December 31, 2004 is fourteen months after the application's filing date, and November 1, 2005 is the date the Patent Office mailed a Notice of Allowance.

1.702(a)(4): May 12, 2006 is the date Issue Fee was paid, September 12, 2006 is four months after the date the Issue Fee was paid, and September 26, 2006 is the date the '297 patent issued.

The correct patent term adjustment to which the '297 patent is entitled is 165 days (319 days of PTO delay - 154 days of applicant delay, discussed below).

4. The '297 patent is not subject to a terminal disclaimer.

5. The only circumstance constituting a failure of the applicant to engage in reasonable efforts to conclude processing or examination of the application is the following: The application became abandoned February 2, 2006 for failure to timely pay the

Issue Fee within three months of the Notice of Allowance dated November 1, 2005. A Petition for Revival of Unintentionally Abandoned Application, which included the Issue Fee payment, was filed May 12, 2006. The Patent Office granted the Petition on July 5, 2006. The number of days of applicant delay due to the late payment of the Issue Fee is 154 days.

ARGUMENT

The Patent Term Adjustment History for the '297 patent erroneously lists an additional 100 days of applicant delay due to "verification" the Issue Fee was paid.

The erroneous 100 day charge of applicant delay is part of the PTO's revision of its initial patent term adjustment. This error could not have been raised in an application for patent term adjustment under 37 C.F.R. § 1.705(b).

This Request is being timely filed within two months of the September 26, 2006 issue date of the '297 patent.

ACTION REQUESTED

The Commissioner is requested to revise the patent term adjustment for the '297 patent upward to 165 days.
